

7th Extraordinary
International Symposium
on Recent Advances in

Otitis Media

Stockholm, Sweden
June 13-16, 2013

Welcome to

*7th Extraordinary International Symposium on
Recent Advances in Otitis Media*

Dear Colleagues and Friends,

It is our great pleasure to announce that the 7th Extraordinary International Symposium on Recent Advances in Otitis Media will be held in Stockholm, Sweden on June 13-16, 2013.

We hereby cordially invite you and wish you welcome to Stockholm to participate in the symposium. It is our sincere hope that basic and clinical scientists in the field of otitis media research will join. In line with former symposia subjects addressed in the field of otitis media will be: epidemiology, diagnosis, screening, physiology, pathogenesis, microbiology, immunology, biochemistry, genetics and molecular biology, treatment, vaccines for prevention, complications and sequelae, and animal models.

Discover Stockholm a city like no other - a city built on 14 islands, where you are never far from the water. Well-preserved medieval buildings stand alongside modern architecture. Stockholm is also home of the Nobel Prize. And just outside the city, the archipelago of 24 000 islands is waiting to be explored.

We are looking forward to welcome you in Stockholm 2013!

Sten Hellström
President

Malou Hultcrantz
Vice-President
